Sir:

It is requested that a Certificate of Correction be issued to correct errors appearing in the above-identified United States patent. Two copies of the text of the Certificate in the suggested form are enclosed. As the errors listed occurred on the part of the patentee, please charge Deposit Account No. 50-0996 (USBA.008PA) in the amount of \$100.00 to cover the Certificate fee; with authorization to charge/credit said account to enter this paper.

It is submitted that issuance of the Certificate of Correction should be allowed because the changes would not change the scope of any claim, the mistakes occurred in good faith, and

U.S. Patent No. 7,110,959

the changes are of a clerical, typographical or minor character, and would not constitute new matter or require reexamination. See M.P.E.P. §1481.

The change of "confirmation data" to "event data" (Col. 15:12,15) provides proper express antecedent for the only "data" previously recited in Claim 1, "event data". The skilled artisan would readily appreciate that the word was intended to be "event" and that this correction is consistent with filed application claims, the Specification and the file history.

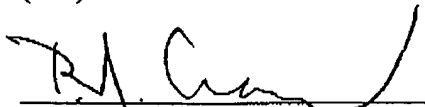

The changes in Col. 16 provides proper express antecedent as "central *transaction* arrangement" should have been "central *processing* arrangement" as used in the underlying claims beginning with Claim 1. The skilled artisan, upon review of the claims, the specification and the file history (including the reasons for allowance), would readily appreciate that the reference and intent was clearly to the "central processing arrangement".

Issuance of a Certificate of Correction is respectfully requested.
